

LT809 - SIOLIM
8 BEDROOM VILLA

ABOUT THE VILLA

- LT809 is a combination of 2 units of 4bhk.
- The villa has seamless inside-outside spaces that allow for different activities to naturally flow to appropriate portions of the house.
- LT409, spread over an area of 5,800 sq.ft., has all the features expected in any part of the world.
- A beautiful crescent-shaped pool lies at the center of the house with courtyards, nooks, and rooms peppering the rest of the property.
- On entering the villa, you are welcomed by a large open space that allows diffused sunlight to enter through double-height accordion doors.
- The double-height living room connects the other common spaces – the lounge, the courtyard seating area, the library, and the bar.
- The living room also enjoys long shadows extending through the space. The light creates interesting filigree patterns with the louvers and screens in different parts of the property.
- The living space opens into a beautifully appointed bar room that leads to an outdoor sitting space by the pool.
- The master bedroom is one of 4 bedrooms in the house. Like all the bedrooms, it comes with an ensuite bathroom and in this case, a staircase leading to a private sit-out.
- All bedrooms are spacious and range from 500-550 sq.ft each. Two bedrooms are located on the ground floor, and two on the first floor.
- The master bathroom has been created to give a monolithic feel to the large space it occupies. Like the master, almost all bathrooms have a sky-light allowing for natural light to fill up the room.
- The kitchen is equipped with built-in Siemens appliances.
